

GOVERNOR HAS NAMED THE NEW BANK COMMISSION

BANKERS NAMED ON THE COMMISSION.

W. H. High, C. H. Dunsmoor, Guy Barham and Herman Silver Honored by the Governor.

SACRAMENTO, JUNE 29.—GOVERNOR PARDEE TODAY APPOINTED THE FOLLOWING BANK COMMISSIONERS:
C. H. DUNSMOOR, OAKLAND.
WILLIAM H. HIGH, OAKLAND.
HERMAN SILVER, LOS ANGELES.
GUY BARHAM, LOS ANGELES.

SACRAMENTO, June 29.—Governor Pardee today appointed William High, Oakland; Chas. H. Dunsmoor, Oakland; Guy Barham, Los Angeles and Herman Silver, Los Angeles, to be Bank Commissioners.

All are new men save Guy Barham, who was a member of the old Bank Commission which was abolished by the last Legislature.

The four bank commissions are divided as to the term of service. Dunsmoor and High will serve four years each, while Silver and Barham will serve two years each. Each commissioner receives a salary of \$3,600 a year.

William H. High has been connected with the banks of Oakland for nearly twenty years.

At present he is one of the directors of the Farmers' and Merchants' Savings Bank and Assistant Cashier of the Union National Bank. He received his first training under that veteran of Oakland finance, the late J. West Martin.

Mr. High entered the employ of the Union Savings Bank when a very young man, and when the Union National Bank was organized he was appointed a teller in that institution. He has steadily risen in the banking business and stands high in the community for his probity and knowledge of the principles of finance.

Mr. High has never mingled in politics and owes his appointment entirely to business influences and his own personal standing in banking circles.

His thorough mastery of banking methods will make him a valuable member of the Bank Commission.

Governor Pardee, who has personally known Mr. High for many years, probably had this in mind in making his selection. He knew that Mr. High could be depended upon to do his duty, and was thoroughly qualified by reason of his intimate acquaintance with the details of banking and his general knowledge of the banks of California.

Mr. High is a native of North Carolina, and is classed as a Gold Democrat, but was a warm supporter of Governor Pardee in the last campaign. His appointment is universally conceded to be a first-class one in every particular.

Mr. High resigned his position in the bank today.

Charles H. Dunsmoor, the other Oaklander appointed on the Bank Commission, was formerly a resident of Los Angeles.

He was secretary of the old Bank Commission for ten years, from 1894 to 1903. He is, therefore, a thoroughly experienced man. His appointment is regarded as an excellent one.

Mr. Dunsmoor stands high in the community. He was born in Maine and came to California in the early seventies. He served three terms as County Clerk of Los Angeles. One of his sons, Charles F. Dunsmoor, is a clerk in the Oakland Bank of Savings.

Guy Barham, the only member of the old commission to be reappointed, is a young man, widely and favorably known throughout the State. He was highly recommended to the Governor by leading men of all parties and all sections.

Originally appointed by Governor Gage, he proved himself an efficient Commissioner, and has the favorable regard of the banks generally.

His reappointment is an exceedingly popular one in political and financial circles.

Herman Silver, the fourth Commissioner, is an experienced banker, having been long connected with the Farmers' and Merchants' Bank of Los Angeles, the leading financial institution of Southern California. Like Mr. High, Mr. Silver is not a politician, but a business man.

His appointment will meet the approval of banking men generally.

JUDGE FIXES DATE.
TRENTON, N. J., June 29.—Judge Kirkpatrick today fixed Monday next for hearing the application of William T. Bullitt of Philadelphia to be allowed to inter-plead in the asphalt receiver suits.

JUDGE STETSON WINS POLITICAL PRIZE.

JUDGE JOHN W. STETSON, WHO HAS BEEN APPOINTED ATTORNEY FOR THE LUNACY COMMISSION.

George Samuels to be Justice of the Peace—Everett Brown Will be Deputy District Attorney.

News has been received here that the State Commission of Lunacy has appointed Justice J. W. Stetson of this city attorney for that body for a term of four years.

The appointee succeeds George L. Hughes, who is a resident of Nevada City.

The salary of the position is \$2400 a year, while that of the office of justice which Judge Stetson has held for the last five years is \$2000 a year.

The appointment of Judge Stetson to his new position leaves a vacancy in that of City Justice. This vacancy will be filled by the appointment by the County Board of Supervisors. The new incumbent will be George Samuels, who now occupies the position of Deputy District Attorney.

The vote of the Board of Supervisors

in favor of Mr. Samuels will be unanimous.

The appointment of Mr. Samuels to the position of justice will not, however, be made until after the return from his vacation of Judge Stetson, who is now some place in Nevada county, and who will be absent for another week.

The retirement of Deputy District Attorney Samuels will create a vacancy in that position.

The impression now prevails that the vacancy will be filled by the appointment to the position of Everett Brown, who is now an attaché of the office and who has been filling the position of deputy to District Attorney Allen with remarkable ability and success. Mr. Brown is a graduate of the University of California and is one of the most promising young attorneys in this section of the State.

EVIDENCE IN POSTAL SCANDAL.

Groff Fasteners Found by the Ton in Milwaukee.

MILWAUKEE, Wisconsin, June 29.—Evidence bearing upon the postal investigation came to light in the Milwaukee Postoffice today. Stored away in one corner of the basement is a big pile of Groff fasteners that were sent to Milwaukee for some unknown reason and without requisition about fourteen years ago.

There are two and one quarter tons of the fasteners in the basement of the Federal building which will probably never be used unless they are shipped to Washington. None of them have been used. They came during the early years of the late Postmaster G. W. Porter's term.

No one ordered them so far as it has been possible to ascertain.

There was no use for them. There are 1500 sets of fasteners, each set weighing three pounds. The Government paid the contract price, \$1.25 per set.

There is also stored in the basement a lot of galvanized iron mail boxes. They were received about two years ago without requisition.

ALARM IS FELT BECAUSE OF SERMON.

WILMINGTON, DELAWARE, IS UNEASY OVER SENSATIONAL ADDRESS.

WILMINGTON, Del., June 29.—Some uneasiness has been occasioned because of a movement growing out of the sensational sermon preached by Rev. Mr. Thornton of the First African M. E. Church last night, in which he urged the negroes to arm for their protection and to hold an indignation meeting in Odd Fellows' Temple tonight. Chief Black went among the leading colored men and advised them not to hold the meeting. They told him that the meeting was not for the purpose of discussing the lynching of White, but to consider the general interests of the colored people. The chief told them that even a meeting for this purpose would be misconstrued at this time, and that they should use their efforts to have it abandoned. It probably will not be held, but even if it did, the police will be vigilant to see that no trouble comes from it.

Mrs. Bishop, mother of the murdered girl, returned to the Ferris Industrial School, of which her husband is superintendent, this morning, from a visit to New Jersey, much improved in condition.

SAN FRANCISCO ENJOINED BY JUDGE MORROW.

Cannot Carry Out an Ordinance Fixing the Scale of Water Rates.

SAN FRANCISCO, JUNE 29.—IN THE UNITED STATES CIRCUIT COURT TODAY, JUDGE MORROW RENDERED A DECISION IN THE SUIT OF THE SPRING VALLEY WATER WORKS AGAINST THE CITY AND COUNTY OF SAN FRANCISCO.

THE WATER WORKS PETITIONED THE COURT ASKING FOR AN INJUNCTION AGAINST THE CITY AND COUNTY OF SAN FRANCISCO AND THE BOARD OF SUPERVISORS TO PREVENT THE CARRYING OUT OF AN ORDINANCE FIXING THE SCALE OF WATER RATES.

JUDGE MORROW, AFTER TAKING INTO CONSIDERATION THE EVIDENCE WHICH WAS SUBMITTED, GRANTED THE TEMPORARY INJUNCTION.

EVERETT J. BROWN, WHO WILL BE APPOINTED DEPUTY DISTRICT ATTORNEY.

INJURED MAN IS OUT OF DANGER.

SALT LAKE, Utah, June 29.—Theodore Davis Boal, the Denver architect and clubman, who was so severely injured yesterday in a runaway, has recovered consciousness and was this morning pronounced out of danger by the attending physicians and he will undoubtedly recover. The brain concussion was slight.

PRESIDENT MAKES SELECTIONS BEFORE HIS DEPARTURE ON SATURDAY.

WASHINGTON, June 28.—The following consular appointments arranged by the President before his departure on Saturday, were announced by Acting Secretary of State Loomis today:

Alvin W. Tourgeon, of New York, now consul at Bordeaux, France, promoted to be consul-general at Halifax, N. S. Mr. Tourgeon is the well-known author and novelist.

Urban J. Ledoux, of Maine, now consul at Three Rivers, Canada, promoted to be consul at Bordeaux, France.

William Harrison Bradley, of Illinois, now consul at Tunstall, England, promoted to be consul at Manchester. Mr. Bradley is a nephew of the late Justice Bradley of the Supreme Court.

William P. Smith, of Missouri, now consul at Hull, England, promoted to be consul at Tunstall. Mr. Smith was a former St. Louis newspaperman and has been in the consular service ten years.

Louis Ayme, consul at Guadalupe, W. I., promoted to be consul at Paris, France. Mr. Ayme distinguished himself by his efficient, intelligent and tireless labor for the relief of the distressed at the time of the Marquise disaster.

George B. Andrews, of the District of Columbia, now consul at Durango, Mexico, transferred to Guadalupe.

Walter C. Hamm, of Pennsylvania, appointed consul at Hull, England. Mr. Hamm is a well-known literary man and editorial writer in Philadelphia.

James A. Leroy, of Michigan, appointed consul at Durango, Mexico. Mr. Leroy has been in the Philippines for several years and was recommended by Governor Taft and others, as well as by Senators Burrows and Alger.

SPECIAL EVENTS AT IDORA PARK.

Beginning tonight a new bill will be presented at Idora Park Theater which will outlive any which has ever been seen at this popular resort. Some of the best known talent now before the public will be heard, including Kalamazoo, the equilibrium juggler and hoop roller, Robert Noma, a musical genius and whistler, who comes strongly endorsed; Miss Annette, a pretty little lady who will be seen for the first time in this country in her celebrated aerial act which is full of startling feats and which always holds her audience spellbound; Elder and Selwyn, specialty sketch artists, who will appear in a little play, introducing songs, comedy sketches and dancing; the Merrille, Charles and Mabel, who have the reputation of being foremost in their line as entertainers, and who will keep the audience convulsed with laughter with their side play, parodies, etc.

Fourth of July will be the big event at the park. Special attractions have been secured, while in the evening a display of fireworks will be given which will surpass any which has ever before been seen on this coast. On Sunday, July 27th, there will be a horse race at Idora Park, which will be a thrilling and exciting feature.

Friday night will be amateur night. The price of admission to the theater is 10 and 20 cents.

The Idora Park is located on Telegraph avenue and Fifty-second street. Take Telegraph or Shattuck avenue cars.

A YOUNG PASSENGER.

NEW YORK, June 28.—Separated from her parents during four years, Dorothy Rice, ten years old, from Hereford, Eng., has arrived here alone on a big liner from Liverpool. She at once took up her journey for Seattle, Wash., where her father and mother await her coming.

Joined by passengers on the trip over, the ocean travel of her 6000-mile journey was made pleasant for the little girl and she showed no feeling of trepidation when she left the pier with a railroad official as her guide to begin the second stage of her journey. Four years ago the child's father started from England for the Klondike gold fields and Mrs. Rice accompanied him. They got as far as Seattle and went into business. Dorothy meanwhile resided with her grandmother in their English home.

REVENUE CUTTER GOLDEN JUBILEE CADETS.

MR. METCALF IS NOTIFIED OF COMING EXAMINATION OF CANDIDATES.

Congressman Metcalf has been notified that an examination for the selection of cadets for the revenue cutter service of the United States, which will be open to candidates from his district and others, will be held in San Francisco July 29, 30 and 31.

Up to the present time it is not known that any resident of this Congressional district has secured an appointment in the service. The examination will be confined mainly to the Pacific Coast.

Applicants must not be younger than 18 nor older than 25 years. They must be of vigorous constitution, physically sound and well formed, and not less than 5 feet 3 inches in height, of good moral character and unmarried. The marriage of a cadet is considered equivalent to resignation from the service.

The salary of a cadet is \$1 per year, with an allowance of one ration per day. Cadets may be appointed lieutenants after satisfactory service of two years.

In the revenue cutter service a certain rank with a major in land service, a first lieutenant with a captain, a second lieutenant with a first lieutenant, a third lieutenant with a second lieutenant, \$2,500 per year; first lieutenant, \$1,800; second lieutenant, \$1,500, and third lieutenant, \$1,400.

At the age of 24 years revenue cutter officers retire and receive during retirement 75 per cent of their wages per month.

As a result of the proposed examination it is expected that eight, probably ten, appointments of cadets will be made during the present summer.

Young men who desire to undergo the examination should apply to the United States Board of Examiners, San Francisco, as soon as possible before the dates above mentioned.

WANTS A DIVORCE.

Suit for divorce was instituted today by Mrs. Christina Charbonnat against her husband, August, on the grounds of cruelty and infidelity. They conduct a small grocery store in San Francisco, but make their home in this city. The store, Mrs. Charbonnat alleges, is community property and asks that it be divided between them.

THEY CUT THE LINES.

SOME ONE TRIED TO GIVE TROUBLE TO THE COMPANY.

Yesterday morning it was discovered that the telephone wires on the San Pablo road, near San Pablo, had been cut by someone with the intention of cutting off the territorial service. It is thought that the mischief was done about 1 o'clock yesterday morning. The line had every indication of being severed by a pair of forceps, which are regularly used by linemen. The company promptly sent out their own linemen who repaired the lines so that they are now in good working order.

The telephone company has offered \$1000 reward for the arrest and conviction of the person or persons who destroyed the wires.

The reward is as follows: A reward of one thousand (1000) Dollars will be paid by the Sunset Telephone and Telegraph Company for information leading to the arrest and conviction of the man or men who maliciously cut and destroyed our main lead of 30 wires on the San Pablo road, Alameda county, about one-half mile south of San Pablo.

The cutting of the wires took place about 1 o'clock Sunday morning, June 28. "JOHN A. SAHN, President."

CHURCHES WANT NEW PASTORS.

St. John's Episcopal Church has not as yet extended a permanent call to any pastor to fill the vacancy of Rev. M. M. Ray, who tendered his resignation as pastor of that church to accept a call to a parish in Wisconsin. The vestry has, however, invited Rev. Mr. Ramsey of Nevada City to fill the pulpit for a month. It is said that there is a likelihood that the permanent pastorate will be offered him when the vestry are at liberty, under the laws of the church, to make a selection.

The vestrymen are communicating with two different clergymen in the East, and insist that Rev. Ramsey, who is a decided advocate of the high church school, is coming to Oakland only to fill the vacancy temporarily. Rev. Ray is still filling the pulpit, but will leave shortly for his new parish.

St. Paul's Episcopal Church, which has been without a regular pastor since last Christmas, has not as yet made a selection, though Rev. James Hulme, the assistant pastor has acceptably filled the pulpit.

SCOLDING DROVE BOY TO SUICIDE.

Despondent because his mother had scolded him for smoking cigarettes, 15-year-old Paul Ressel committed suicide last Saturday night at the family residence, 1873 Fifth street, by blowing off the top of his head with a double-barrel shotgun. His death resulted instantly.

After receiving a severe lecture from his mother, who caught him smoking brown paper cigarettes, young Ressel went to his room, took his father's shotgun, placed the barrel in his mouth and pulled the trigger.

Fearing the report the startled family rushed to the boy's room, where his body was found on the floor. He had no note explaining his act, but shortly before committing it he called to his mother that she would not have occasion to scold him again.

Coroner Mohrman has taken charge of the remains and will hold an inquest Wednesday afternoon.

GIVE WATER COMPANY JUST COMPENSATION.

Judge Morrow Says Property Cannot be Confiscated by Unjust Water Rates.

In reference to Judge Morrow's decision on page one the following additional facts are given:

San Francisco, June 29.—United States Circuit Judge Morrow today handed down his decision in the case of the Spring Valley Water Works vs. the City and County of San Francisco. After reviewing the constitutional provisions of the State of California, the decision of the Supreme Court of this State and of the United States in relation to the scope of the judicial inquiry and the elements of just compensation for the public service in which the complainant is engaged, the Court said:

"The principles of just compensation established by the courts in the several cases they have had under consideration are of great assistance in solving many of the difficult questions involved in this character of litigation, but the application of these principles to the facts of a particular case, after all, the principle of determining what is reasonable and just as between the rate payers and the corporations engaged in performing the public service. With these decisions and this rule before the Court, we proceed to inquire whether, upon the evidence submitted in support of the motion for temporary injunction it appears probable that the complaint will be successful upon the final hearing. In showing that the ordinance will have the effect of depriving complainant of just compensation for the public service upon which it is engaged."

VALUE OF PROPERTY.
"The Court carefully considered all the evidence submitted as to the value of the Spring Valley Company property. The estimate of the capital stock and indebtedness of the corporation was submitted thus: Capital stock, \$14,000,000; bonded indebtedness, \$13,750,000; floating indebtedness, \$1,017,500; total, \$28,762,500. There is one objection to this estimate. The average price of Spring Valley stock during April, 1903, has been \$84 per share. This valuation would make the total worth of the capital stock only \$11,760,000. The Court estimates the value of the stock at \$100 per share, and concludes to take as proper the value put upon the stock by the public. Assuming the average price for the month of April as \$84, the price for the capital stock and indebtedness is summarized thus: Capital stock, present value, \$11,760,000; bonded indebtedness, \$13,750,000; floating indebtedness, \$1,017,500; total value of property, \$26,527,500. This is a fair value of the property, although less than the estimate of the City Engineer. It includes the value of the franchise and established business."

BANKERS' OPINIONS.
"The affidavits of four bankers fix the proper rate of interest on such property at not less than 7 per cent. The affidavits of five other bankers of equal experience fix the rate at not less than 6 per cent per annum. The affidavit of one banker puts the rate at between 4 and 6 per cent. The weight of evidence is clearly in favor of a rate of not less than 6 per cent per annum. This evidence is further supported by provisions of the act of the Legislature approved March 3, 1885, providing for the control, sale, rental and distribution of the appropriated water in the several counties of the State. This act provides that the rate fixed by the Board of Supervisors for the various counties shall be as adjusted to the net annual receipts, as profits to the persons, companies, associations and corporations furnishing water to the inhabitants of such counties, shall not be less than 6 nor more than 18 per cent per annum, presumably because the Legislature considered that investment of capital by pri-

rate individuals in a public work and service that the State might otherwise undertake would be reasonably entitled to receive at least 6 per cent increase on the investment, and that 13 per cent would be immeasurably large. In this case all doubts as to facts are resolved in favor of the defendants. On consideration of all the evidence submitted the court is of the opinion that the complainant is entitled to receive at least 5 per cent as the net compensation. "The value of Spring Valley property is at least \$26,527,500. At the rate of 5 per cent the annual net compensation should be \$1,326,375. Operating expenses and taxes being added, the gross income should be \$2,130,015. The \$196,000 asked not to be added for deterioration is at this time. "The question resolves itself to this: Will the ordinance under consideration produce a gross income of \$2,130,015? It appears from detailed evidence that it will not."

COURT'S CONCLUSION.
"The court concludes, therefore, that as the weight of expert evidence that 6 per cent per annum is the smallest income that can be considered reasonable for the investment under consideration, and that 5 per cent is the lowest the Court can consider reasonable, manifestly 4-100 per cent and 3-100 per cent is unreasonably low and confiscatory, and amounts to the taking of private property for public use without just compensation. "The Judge then cites many cases upholding his opinion. In the opinion city hydrant rates and rates to public buildings are not considered."

Attorney W. J. Barnett Tells About the Plans of the New Company.

SAN FRANCISCO, June 29.—Referring to the incorporation under the laws of Nevada of the Western Pacific Construction Company with a capital stock of \$30,000,000, the Bulletin says: "The purpose of the corporation is to undertake all the construction of the Western Pacific Company which is projecting the Beckwith Pass transcontinental line to Salt Lake. "Today W. J. Barnett, who is attorney for the new road, stated that the construction company was incorporated in Nevada for the reason that Nevada has recently passed corporation laws which are extremely favorable."

"It has been insistently stated that the Gould millions are backing the new road in order to make transcontinental connection with the Gould lines at Salt Lake, the Denver and Rio Grande being one of the properties. George Gould has been keen to share California traffic with Harriman for some time and the Western Pacific is believed to be the outcome of this desire."

"Surveyors for the new road are now in camp at various points in California and Nevada and it is said that the line after crossing the Beckwith Pass with its 3000 foot elevation will proceed to a point near Winnemucca in its transit across the Sage Brush State. "With the newly incorporated construction company there will be no delay in building a roadbed and laying tracks on the surveys which are proceeding on their way to Salt Lake."

SECRET MEETING OF TRUSTEES

SACRAMENTO, June 29.—The Bee this evening publishes the following account of a secret meeting held in San Francisco, the result of which has not heretofore been published:

A secret meeting of the trustees of the Home for Feeble Minded Children was held in San Francisco last Friday, and a vote was taken on the choice of a superintendent for the ensuing year. The president of the board voted for Dr. A. E. Osborne, while Father Lyon, William Thomas and C. E. Haven voted for Dr. Dawson, the incumbent. Rev. Mr. Rader was absent from the meeting. This action is regarded as settling the fate of Dr. Osborne and he has given up hope of ever returning to the home as superintendent.

METHODIST ARE CELEBRATING

THEY ARE HAVING A LARGE TIME IN BOS.

BOSTON, June 29.—A two-day celebration of the 200th anniversary of the birth of John Wesley by the Methodists of the New England Conference was begun today.

In preparing for the event the conference committee planned to make the occasion significant by bringing together representatives of the three branches of the Methodist Church in North America. The efforts of the committee were successful and Bishop Charles H. Fowler of Buffalo of the North; Bishop Eugene A. Hendrix of Kansas City from the South and Rev. A. Carman from Canada, were among the leading speakers.

The general program of the two days included tributes to Wesley from representatives of other denominations at the opening session and at other meetings and addresses were made by Rev. Mr. Carman, Bishop Hendrix, Rev. George Jackson of Edinburgh, Scotland; Rev. W. P. Malheur, resident bishop of New England and Bishop Fowler.

ALBATROSS HAS RESUMED VOYAGE

SHE WAS QUARANTINED AT DIAMOND POINT BY A CASE OF SMALL-POX.

PORT TOWNSEND, Wash., June 29.—The United States Fish Commission's steamer Albatross, which was recently forced to return from Fort Rupert, Alaska, on her way to the Arctic, owing to the discovery of a case of smallpox in the forecabin, cleared this morning from Diamond Point quarantine station and will tonight resume her voyage north.

The case has been diagnosed as mild varioloid, from which there is but little danger. The patient and a nurse are still at Diamond Point and both will be forwarded north in a passenger steamer to join the Albatross when recovery is assured. As neither the officers nor members of the scientific party headed by Dr. David Starr Jordan of Stanford University, were ever in contact with the afflicted sailor, they were not subjected to fumigation.

WANTS DAMAGES FOR A LARGE SUM.

LOS ANGELES, June 29.—Justice King was today awarded damages in the sum of \$892.75 in his suit against Chief of Police Elton for \$20,000 for false imprisonment. King was arrested in December, 1902, together with a number of tramps and charged with vagrancy. It was later shown that he had considerable money in the bank and that he had committed no offense. The case will probably be appealed.

MANY BODIES ARE TAKEN FROM WRECK.

ONE HUNDRED HAVE BEEN TAKEN OUT AND SEVENTY REMAIN.

MADRID, June 29.—By midnight 100 bodies had been extricated from the wreck of the Bilbao train which was overturned Saturday night from a bridge into the Negerilla river, and it is estimated that seventy corpses still remain in the wreckage. The bodies are horribly mutilated. Differences between the civil and military authorities rendered the work of recovery very difficult. That many prosperous persons are among the victims is testified to by the great quantity of money and jewelry collected by the gendarmes.

FIRE DESTROYS CREOSOTE WORKS.

MOBILE, Ala., June 29.—A report from West Pascagoula, Miss., states that a severe fire visited that place today, consuming among other buildings the creosote works, said to be the largest in the South. No northbound trains have arrived over the Louisville and Nashville today on account of the fire and all ships are down between Mobile and New Orleans.

SCIENTISTS MEET IN CONCORD.

CONCORD, N. H., June 29.—Christian Scientists to the number of 12,000 assembled here today in response of Mrs. Eddy to visit her home. The invitation was issued by the communicants of the mother church in Boston yesterday at the annual communion services.

TRAIN WRECKED AT LUCAS, OHIO.

PITTSBURG, June 29.—The New York and Chicago limited westbound, on the Pennsylvania road, was wrecked near Lucas, Ohio, early today, but no one was injured. The accident was caused by a freight passenger train crashing into the observation car on the rear of the limited. One lady, name not known was slightly cut. The freight passenger escaped with a shaking up.

TROLLEY CAR RUNS SHE ASSISTS THE GERMAN LADIES. INTO A TRAIN.

TWO PASSENGERS KILLED AND MANY SERIOUSLY INJURED IN A WRECK.

CHICAGO, June 29.—Crowded with home-bound passengers an Archer avenue trolley car crashed into a Belt Line freight train at Archer avenue and Forty-seventh street early this morning. Two passengers were killed and many were seriously injured.

The dead:

Minnie Malmstrom.

Unknown man.

The injured:

Joseph Dolan, right shoulder crushed, John Gleson, bruised.

E. Gordon, bruised.

J. Marsh, brakeman, bruised.

Malachy McGregor, back broken; will die.

B. J. Norken, brakeman, bruised.

P. Kelly, right leg broken, shoulders and head bruised.

E. D. Zondersky, conductor of street car, thrown from car and severely bruised.

Witnesses to the accident say the trolley car refused to stop and the car crashed into the freight train. The passengers had no time to jump before the accident. Nearly all were returning from picnics and were asleep in the car.

The motorman, John Sloan, stuck to his post and was badly injured. The passengers were thrown from their seats and several were killed in the crash caused by the wrecked car. Several were completely covered by fragments of broken wood. The train was stopped in a short time and the crew hurried back to aid the passengers.

The place in which the wreck occurred is far from convenient for the handling of injured persons. It was some time before word could be sent to the police, but when it was finally reached a telephone patrol wagon and ambulances were started on long runs to the scene.

WILL PATENT HIS INVENTION.

IT IS A GREAT LABOR SAVING DEVICE—MANY IMPROVEMENTS ABOUT THE YARD.

Within the last few days Robert A. Fisher, who resides in Berkeley, and who invented the device for dressing and truing the surface of emery wheels by the use of the air hammer, has made a number of improvements in his device and intends to secure a patent on it.

He is very proud of his invention and thinks that it will be generally adopted throughout the country when it is known. These tests that have been made at the West Oakland shops have been highly satisfactory and it enables the department where the emery wheels are used to do double the amount of work as heretofore.

After having experimented with it for several days Mr. Fisher finds that the best results are obtained by having the emery wheel run slowly and have the air hammer strike about two thousand to the minute. He also uses a specially constructed chisel in the hammer.

MANY IMPROVEMENTS AFE IN PROGRESS AT YARDS.

At the present time the railroad yard at West Oakland is undergoing a number of improvements which are quite noticeable. Among them are the fence which is being built around the north side of the company's property; the addition to the machine shop which is now almost completed and a number of minor improvements such as relaying tracks, clearing off weeds and otherwise improving the appearance of the grounds.

The fence building is progressing very rapidly and looks very neat. It is a picket fence about five feet high and at the Atlantic and Cedar street crossing a large draw gate is being built. The fence will continue down to the eastern end of the yard and when completed will greatly facilitate the policing of the grounds.

The large addition to the machine shop is now at a standstill owing to the fact that all of the carpenters have been transferred to the new building on the latter is over the carpenters will resume work on the addition, which is almost finished and about all that remains to be done is the finishing of the interior.

For the past month the Southern Pacific company has had a construction crew at work in the yard relaying and changing the many spur tracks about the grounds. This work is about finished and the tracks are all in the finest possible condition.

NOTES AND PERSONALS GATHERED ABOUT THE YARD.

Robert Anderson and Jack Haven are laying off for a few days in account of illness.

Quite a number of Panama hats have made their appearance at the shops, occasioned by a spell of hot weather.

Albert Henning, foreman of the rolling stock equipment, contemplates securing a leave of absence to go to New York on business. He will probably leave within a few days.

Two of the big engines of the Atlantic type and numbered 3000 have been changed to 273 and 274 and one is to go to the Texas and New Orleans line, while the other is to go to the Galveston, Harrisburg and San Antonio division of the Southern Pacific.

The big shipments of crude sugar to Eastern refineries continue to pass through the yard in the most orderly manner. The sugar comes from the Hawaiian Islands and yesterday a train of twenty cars loaded with sugar started on its eastward trip.

A large crew of men went to Port Costa yesterday to make repairs on the steamer Solano.

The new car float which is being built at the ship yard is progressing very rapidly although the force of workmen is small. The keels and beams for the bottom and sides are nearly completed.

MRS. FINK TAKES AN APPEAL.

Notice of an appeal to the Supreme Court from the decision of Judge Hall in his division of the property, at the time of his decision in the Fink divorce matter, was filed today by Mrs. May F. Fink. She was given the decree from Alonzo W. Fink on the ground of extreme cruelty and awarded half of certain property held by Judge Hall to be community property, but a certain portion of the estate was Fink's individual property. It is from this division that Mrs. Fink is now about to appeal.

She sets forth in her notice that she appeals from so much of the judgment as relates to an improved piece of realty, situated at the corner of Filmore street and Golden Gate avenue, and also as awards to the defendant the produce business conducted by defendant at Washington Street Market and at the Spreckels Market in San Francisco.

The Fink divorce matter has been before the court for several years. The first suit brought by Mrs. Fink years ago was compromised, then she brought another. This one was contested by Fink, who filed a cross complaint, and charged his wife with social indiscretions. The fight was a bitter one and the whole matter was finally thrown out of court by Judge Hall, who refused both of them a divorce. The case was appealed to the Supreme Court and the decision ordered a retrial of the case, with an intimation that Mrs. Fink was entitled to a divorce. The case was retried and Mrs. Fink was awarded the decision. Now she is not satisfied with the division of the property and has again taken an appeal. Fink has since remarried.

GIVEN ABSOLUTE DIVORCE.

Judge Melvin has set aside his interlocutory decree of divorce granted Mrs. Elizabeth Elmer from her husband, Edward, on March 23 last and granted her an absolute one in its stead. This is in conformity with the recent decision rendered by the judge as to the unconstitutionality of the recent divorce law enacted by the last Legislature.

THE COTTON CORNER.

An astute broker of New Orleans has taken advantage of the scarcity of cotton to organize a gigantic pool to corner the staple. He has done so, and he and his associates will reap enormous profits if present prices can be maintained, which is extremely doubtful.

The chief danger to the speculators is that they cannot pay for the vast stock of cotton they have contracted for. In order to break the corner, factories are shutting down, and throwing their stock of cotton on the market to break the price. This desperate remedy is being resorted to in New England and Lancashire. Even some of the smaller Southern mills have decided that there is more profit in shutting down and selling their stock at an advance over purchase of from three to five cents per pound than in manufacturing the staple into goods.

Heavy advances have recently been made in all lines of cotton goods, but still the mills cannot operate at a profit on the basis of present prices. There is not sufficient margin between the cost of the raw material and the price of the manufactured product. The shutting down of mills in England and New England is throwing a vast army of operatives out of employment, thus creating widespread distress in the densely populated sections of both the old and new worlds.

So we see this cotton corner is assuming the proportions of a public calamity. The cotton growers are reaping no benefit from the rapid advance in prices, for they long ago parted with their crop. In common with other people, they are suffering from the enhanced prices charged for cotton goods. The manufacturing industry is being injured and the operatives employed in the mills are also feeling the pinch. By reason of mill closing and non-movement of cotton the railroads are injuriously affected; so newly laid classes of legitimate trade and industry are being choked and distressed because a gang of conscienceless speculators have got the bulk of the available cotton supply in their clutches, solely with the purpose of extorting excessive prices from actual consumers.

Something will have to be done to stop such corners as this, which have generally failed in the past. The public should be able to protect itself from the men who corner and look up the necessities of life. Cotton is almost a necessary of life; it enters so largely into the commerce and industry of the world that every considerable fluctuation in price touches a sensitive nerve on both sides of the Atlantic. In the present instance, the mills are confronted with this dilemma: If they buy stock at the inflated prices from the Brown syndicate, cotton will probably drop down two or three cents a pound. The staple purchased would then have to be manufactured at a loss. That is why the mills are closing down by agreement and selling their cotton to the speculators in the hope of breaking the pool.

HOCH DER KAISER!

The Kaiser's treatment of Admiral Cotton and the officers under his command at Kiel was marked by the utmost cordiality. His manner was equally as complimentary toward the American nation as toward the naval officers who were his immediate guests. It is pleasant to note this expression of warm and friendly feeling on the part of the German Emperor. He is not always credited with entertaining the most kindly feeling for Americans and the popular impression on this side the water that he is covertly hostile to us has caused him to be sharply lampooned and grotesquely caricatured. The freedom with which he has been criticized has gone beyond the ordinary limits of a press that cares not a fig for diplomacy, station or the comity of nations.

But William seems to have taken no offense. On the contrary, he set an example of good-humored courtesy that is worthy of high praise. He praised our warships, our navy officers and the whole American people, showing the warmest admiration for our achievements in sciences as well as what we have accomplished in arms. This is as pleasant as generous. It is expressive of an earnest desire of the governing authority in Germany to remain on terms of the closest amity with the United States.

The German Kaiser is a good deal of a man, however much some of his idiosyncrasies may jar on people nervously sensitive on the subject of liberty. He is the ablest monarch of his time, and is what few modern sovereigns have been, a statesman. He is undoubtedly the ablest sovereign of the Brandenburg line since the great Frederick. Bismarck ruled Prussia and then Germany in the name of William the First, but William the Second, rules in person and in his own name. He showed his capacity and courage by dispensing with Bismarck early in his reign. Germany has never had any reason to regret that step, for Bismarck was brutal in his methods and narrow in some respects. A great statesman he was, and rightly called a man of blood and iron, but he had his faults, of which arro-

gance and intolerance were not the least, which became more accentuated with age.

William is more friendly toward the United States than Bismarck ever was, for the Iron Chancellor was a Junker to the last. Americans desire and rightly desire to be on terms of the friendliest intercourse with Germany. We are closely connected with the German people by ties of blood, literature and institutions. There is no reason why we should quarrel, but many reasons why we should be friendly with each other. This policy is in consonance with the spirit of peace, humanity and civilization. When we find the Kaiser conspicuously standing for a policy so unlightened and adopting a tone and manner calculated to cement the bonds of friendship between the two nations, we feel like saying "Hats off!" This is not so much because he has tickled our national vanity as because he exhibits a genuine desire to be friendly, and unaffectedly sets an example of personal cordiality that shows him to be a gentleman of courtesy as well as a statesman of tact and breadth.

A SARDONIC SUGGESTION.

The Examiner says it will ask Mrs. Ella Wheeler Wilcox to investigate from "the lofty standpoint of cold philosophical interest" the "curious psychological phenomena that characterize the period which precedes the marriage ceremony." "Whew! what a mouthful!" Mrs. Wilcox is undoubtedly qualified to descend knowingly on the "psychological phenomena" of the sweet madmen men call love, but it is ridiculous to ask her to investigate from the "lofty standpoint of cold philosophical interest." Mrs. Wilcox is not that kind of a poetess of passion. When she first broke through the mists of brewer's smoke that envelops Milwaukee, her heart was aglow and her pen aflame with the fire that burns eternal in the breast of the young of the genus homo.

Charles A. Dana, who was an expert on matters of this kind, said her verse was red hot and her sentiments warmly, impulsively passionate to an equatorial degree. He dubbed her the "high priestess of the Milwaukee school of poetry," the keynote of which was passion, unrestrained, unheeding, uncalculating passion, warm, blisful and free from frosty philosophy or intellectual self-examination.

What strange phantasm ever suggested having Ella Wheeler Wilcox investigate the heart-throbbing experiences of love from the standpoint of cold philosophy? In the first place, the raging of the tender passion differs from cold philosophy, as the burning lava of Vesuvius differs from the glaciers and ice-floes of the frozen north. They are the antipodes of each other. When they approach one another, one either congeals or the other melts. Neither can understand or sympathize with the other. Mrs. Wilcox has no affinity with cold philosophy. On the contrary, her warm nature is in full rapport with the delicious sensations of love. Her genius is in perfect harmony with the intellectual voluptuousness induced by the poetic fancy dwelling upon the intoxication of the clinging kiss and the lingering embrace of the forty-ninth good-bye at the front gate while the man in the moon snickers as he winks the other eye and the old folks snore grossly and materially upstairs.

Ah! this is what Mrs. Wilcox understands and sympathizes with. Ask her to investigate it and sing of it, but never, no never! presume to request her to chill her steaming, beaming, tropical mentality by attempting to investigate love from the standpoint of cold philosophical interest. The dire suggestion doubtless originated in the petrifed brain of some hardened, crusty bachelor who never tasted the sweets of the gentle emotion that has turned the heads and softened the hearts of sages and philosophers. Out upon him! He is an enemy to human happiness, and is animated by a cynical desire to chill the fervor of Mrs. Wilcox's passionate numbers.

THE UNKNOWN DEAD.

Comrades! gather for duty
At the tap of the muffled drum,
Once more, 'neath the Spring's soft
beauty.

Let the marching column come,
With footsteps slow and tender,
With ranks that are growing thin,
With Memory's voice for the speaker
Let the loving rites begin.

Not for the laureled faces
In history's pages set
Who left the fading traces
In records that none forget.
We honor the unseen lowly
And the unremembered names,
The ranks whose silence is holy,
The lost and forgotten names.

They share not the hour of glory
When a nation drops the bier;
Their lives are untold in story,
No children their legends hear.
To others leave deeds of splendor
And fame through the trumpet blown,
More dear, more sad and more tender
Is the thought of the Dead Unknown.

Hearts that are forgetting
Trob with one pulse today;
Lives whose brief sun is setting
Clear us while ye may!
Follow the urn that is nameless,
Reverence the fallen dead,
The memory, speechless and blameless,
The graves of the Unknown Dead!

ONE ON TILLMAN.

Senator Tillman was once sent by the Democratic Congressional committee to Kentucky to orate for the ticket, says the Baltimore News. In one of his speeches he spoke of the necessity of electing incorruptible men to Congress, "such as the Democracy of this district has chosen to represent the people at Washington."

Just at this moment some one in the crowd interrupted with "Would Dr. Claherty sell out?" "What's that?" asked Tillman, somewhat flustered at this break in his train of thought.

"Would Dr. Claherty sell out?" repeated the questioner.

"And who the blazes is Dr. Claherty?" asked Tillman.

"He's the man you're asking us to vote for," came the prompt response.

The senator was stumped, and could only blurt out: "I never heard of him before."

STORIES OF PLACES.

Some of the ancient governments between the Little Swiss States were very noteworthy. In 1243 Bern and Fribourg made a covenant which lasted for more than 260 years, by which they agreed that even a war between them should not destroy their agreement, that no war between them should be entered on without a previous attempt at conciliation, and that within fourteen days of the end of any feud all territory conquered and spoils of war must be returned to their owners. Cities which 650 years ago could agree to such terms deserve to live in history. Bern, Schaffhausen and Appenzell, a few years later were wise and far-sighted enough to agree "to sit still and seek conciliation" in case of difference between them. Just over 600 years ago the Swiss confederation was founded by the three little mountain states, Uri, Schwyz and Nidwalden, which remained small and unimportant themselves, have, by the force of idea of union, drawn to themselves from time to time larger states and powerful cities, till today the Swiss nation can, in proportion to its size and population, boast of a prouder history and greater benediction to mankind than any other nation in Europe.

There is a floating island in Lough-venwater, England, not far from Dore falls. Its travels are restricted to alternations between the bottom of the lake and the surface. When moved to the surface it sinks and remains in watery seclusion for periods which vary from a few months to as long as seven or eight years. Its existence above or below water appears to be determined by the presence within the island of gases whose quantity governs its buoyancy. Somehow it sinks and remains in watery seclusion for periods which vary from a few months to as long as seven or eight years. Its existence above or below water appears to be determined by the presence within the island of gases whose quantity governs its buoyancy.

Though the truth of the story that James of England once knighted a lot of beef is disputed, the house in which the ceremony is said to have occurred is pointed out, as well as the table on which the sirlin lay. The scene of the historic feast lies between Highgate's park and Chiswick, near London. It is a curious house with quaint low-pitched ceilings and a fine garden with fruit trees of great size. It was on his return from one of his hunting expeditions in Epping forest that the British Solomon is said to have given the feast of the sirlin.

THE FLOODED CITIES.
The manner in which the cities which have suffered most heavily from the June freshets which are characteristic of the Missouri river valley are dealing with their own problems of relief for the homeless and suffering should and will command the highest admiration. There is no chicanery of effort to do the right thing on the instant, no whining over irreparable misfortune, and no disposition to look elsewhere for help which can be provided from their own resources. They are dealing with the matter bravely and in a manner wholly devoid of hysterics.

In view of this attitude, which is one to be expected of the communities now most in the public eye in connection with the flood damage, any appeal for help which may be made should be responded to instantly and cheerfully, and what is asked for should as far as possible be sent. They will not ask for anything which they should have everything they ask for as quickly as possible.—New York Times.

PERSONAL AND SOCIAL.

GOLDEN WEDDING ANNIVERSARY IN THE COUNTRY TOWN.

Mr. and Mrs. Henry Bauer of 411 Oxford street, Berkeley, celebrated their golden wedding anniversary on Thursday evening. The house was beautifully decorated in yellow in honor of the occasion.

During the day many telegrams and letters were received bearing the congratulations of absent friends. Mr. and Mrs. Bauer were also the recipients of many beautiful and appropriate gifts. Those present were: Mrs. N. B. White, Mr. and Mrs. L. M. Hayward, Mr. and Mrs. W. M. Hayward, Mr. Johnson, Mr. Keeling and Dr. Charles F. Blodgett of Berkeley; Mayor and Mrs. Schmitz, Mrs. Charlotte Schmitz, Herbert Schmitz, Mrs. L. Stevens, Miss Gertrude Stevens, Mrs. C. M. Hunt, Miss Minnie Baiden, Mrs. Anna Schmidt, Mrs. L. Promster, Miss Lina Kremser, Mr. and Mrs. J. J. Hightower and Mr. and Mrs. John Hack of San Francisco; Mr. and Mrs. Fred Gordon, Mrs. James Higgins and Miss Rita Higgins of Oakland.

AN ALAMEDA AFFAIR.
Mr. and Mrs. W. E. Schwert of 1816 Alameda avenue, in the Emelita City, celebrated their silver wedding anniversary recently at their spacious residence, nearly 100 guests, including many from San Francisco and Oakland, being present. The evening social and instrumental numbers and recitations were rendered, while A. Schaubert, and an original poem complimentary to Mr. and Mrs. Schwert. The popular couple were the recipients of many valuable presents.

LAWN PARTY.
Ethel Carle Wall, daughter of Mr. and Mrs. A. C. Wall of 1738 Alcatraz avenue, Berkeley, gave a delightful lawn party recently in honor of the eighth anniversary of her birthday. The afternoon was very pleasantly spent with games and other amusements. Among those present were Allen Combs, Annie Olson, Ella Wall, Dorothy Biren, Vera Rindes, Jessie Wiley, Helou Stig, Esther Little, Meta Gray, Alta Donovan, Eva Combs, Isabelle Clark, May Dows, Gladys Clark, Alice Gray, Mabel Combs, Jessie Lane and Annie Gray.

CARDS OUT FOR WEDDING.
Cards are out for the wedding of Miss Marion Wellington Kirby, daughter of Mr. and Mrs. Charles T. Cook of Chestnut street, and William Hardy Alexander. The wedding will be solemnized on the 2nd of St. John's Episcopal Church, on the evening of July 8, at 8:30 o'clock, and the ceremony will be performed by Rev. Martin N. Ray.

NEW ORGAN FOR THE CHURCH.

The churches of Oakland seem anxious to furnish good music. A beautiful organ has been but recently placed in the First Congregational Church. Another is building for the First Methodist Church, and only yesterday it was announced that the Union-street Church congregation had instructed its trustees to select and purchase a new pipe organ. This is the plucky little church that paid off its mortgage three years ago and soon after started the Missionary Substitutes Company, and is now giving about \$2000 a year to missions and other benevolences. It supports two foreign missionaries through its substitute company and its Women's Missionary Society has been called among Presbyterians, "the best on the coast." The church holds an annual series of services for men, a monthly children's day, has a fine Sunday-school and is on the aggressive constantly. Although the plans of the organ committee have not been fully formed, it was stated yesterday that while a few large subscriptions are expected (one for \$100 being already in hand), it is probable that shares in the organ will be placed at such a low figure that every friend of the church may take some stock. It is expected that a memorial roll of subscribers will be kept, the amount given by each being strictly private. The church cordially hopes to have the organ placed and paid for before the October anniversary.

HARD STORIES ON OAKLAND IS TO O'KEEFE.

STATEMENT MADE THAT HE IS GOING TO QUIT BEFORE BRITT.

The desertion of Hart by Jack O'Keefe is occasioning much talk among the sporting fraternity in San Francisco and there are the usual slanderous stories in circulation. The general opinion, however, is that O'Keefe made a wise move and that Hart is a little sore at being separated from his means of support.

One of the slanderous stories circulated is to the effect that O'Keefe has an understanding with Britt whereby he is to receive a bunch of money for laying down in their next meeting. The story is fathered by Sig. Hart, O'Keefe's late manager. No stock is taken in it by those who are in a position to know and Jimmy Britt was rather vehement in denouncing such a story. He stated in an interview:

"There were lots of little things spoken and acted in Butte that made me believe the combination would not last long. O'Keefe thought that his association with Hart lost him many friends, and they were not on the best of terms. But the talk about a 'lay down' is utterly false as far as I am concerned, and I do not believe that anyone here will credit the story. I have always fought on the square and would certainly not have paid a man to quit that I firmly believed and still believe that I am always trying to win, and I will refuse to meet O'Keefe, because I have too much at stake. Little things might be twisted until the story would cause a reasonable doubt in some minds. When I fight there must not be any doubt. I am always trying to win, and I will fight fairly. When I have to descend to anything crooked I will go back into work and leave the dirty business to some one else."

MOORE DIED OF ALCOHOLISM.

After an investigation made into the death of William F. Moore, 528 Franklin street, Coroner Hermann today decided that the deceased came to his death through indulging to excess in alcoholic stimulants. Moore died at the Receiving Hospital last Wednesday under peculiar circumstances and as Mrs. Moore had stated that he had threatened suicide, it was believed that he was the victim of poison. The autopsy, however, revealed the fact that there was seemingly no presence of poison in the system while the indications of alcohol were abundant. Moore was 50 years of age. He had a mother living at Kansas City, who also wrote to the Chief of Police and asked him to make an investigation into his death.

SHAFTER HOWARD'S WORDS.

A new patriotic song, the words and music by Shafter-Howard is to be played by Callaghan's Band at the fair on Thursday evening, as a tribute to the late Shafter-Howard.

MAKES AN EXCELLENT SHOWING IN THE SUNDAY GAMES.

Following is the standing of the teams in the Pacific Coast League:

	Won.	Lost.	Pct.
Los Angeles	52	28	.669
Sacramento	49	30	.620
San Francisco	47	35	.573
Oakland	36	51	.414
Seattle	30	46	.395
Portland	23	49	.319

On Saturday afternoon San Francisco, Portland and Seattle were the winners in the baseball games. Harris' men defeated Los Angeles 6 to 1, Seattle got away with the Senators in a ten inning game by 7 to 6 and Portland took the game from the crippled Recruits, 7 to 3.

The morning game on this side of the bay yesterday morning was won by Lohman's band of braves by the close score of 4 to 3. Lee pitched a good game for the locals and the winning run was registered in the last half of the ninth.

The afternoon game at Recreation Park saw Portland put still farther down in the percentage column by the score of 10 to 3. At the beginning of the ninth inning the score stood 3 to 3 and in Oakland's half the bags were full when Kruger stepped to the bat. Lohman remembered in the nick of time that Lohman was to bat for Kruger and the change of batsmen was quickly made with gratifying results for the blonde twirler knocked the cover off of the sphere and the cushions were cleared with a net gain of three in the run column.

At Sacramento yesterday Seattle repeated the trick of Saturday and defeated the husky Senators 7 to 4. Fisher's crack pitcher, Thomas, was on the delivery end for the law-makers, but that availed him nothing for the Seattleites pounded him unmercifully in the fourth and eighth innings.

After Los Angeles had fallen on Whalen for seven hits and six runs in the first three innings and practically winning the game, Hall went to pieces in the seventh inning and allowed San Francisco to add six runs to their long little score of one. Gray relieved Hall, but it was too late. Whalen pitched out on ball after the third inning. The leaders and San Francisco broke even on the series.

Right Fielder Cravath had his batting eye with him at Los Angeles yesterday and made a three-cushion career besides two two-runners and a single out of five trips to the bat.

Hong pitched both games against the Recruits yesterday. After losing the morning game by a close score he asked to be allowed to pitch the afternoon game, as he thought he could do better.

THE LONDON CART-HORSE PARADE ON WHITSUN MONDAY IN REGENT'S PARK, LONDON.

ter. He was not hit very freely in either game, but just enough to win.

After playing two games and drawing a month's salary in advance, to say nothing of their transportation, Walters and Kling, Lohman's new acquisitions from Terra Haute, departed for parts unknown without even bidding Pete good-bye. The latter feels very much hurt at such base ingratitude and has the arm of the law stretched out after them. It is quite evident that they discovered they were in too fast a company and decided to leave before they were fired.

This week Oakland and San Francisco will fight out a series of seven games, while Sacramento goes South to try and wrest the lead from the Angels. The two ball-players will have a little argument on the side.

HARD ON HAGER.

CHARGE MADE THAT HE HAS NOT COURAGE TO PLAY BALL.

EDITOR TRIBUNE—Dear Sir: It was reported in your paper on the 24th that the West Oaks had defeated the Willows by a score of 10 to 10. We asked for a return game, but was refused by Albert (Swede) Hager. He will not state on what grounds he refuses, but we all know that it is because they are not game. Hoping you will publish this, I remain, yours truly, CAPTAIN WILLOWS TEAM.

RENO WINS.

NEW CENTURY TEAM BEATEN IN FIFTY MILE RELAY RACE.

The New Century Wheelmen were defeated by the Reno Wheelmen in a fifty mile relay race at Reno yesterday by a trifling over two miles. Each team was composed of ten men and the race was run in relays. The San Francisco team was completely outclassed and the winners covered the distance in 2:19:21.

REICHSTAG ELECTION HAS BEEN FINISHED.

BERLIN, June 29.—The two remaining ballots of the Reichstag resulted in the election of one Reichstag Radical and one member of the Barbarian Peasants' League. The composition of the new Reichstag is as follows:
Clericals 102, Socialists 81, Conservatives 52, National Liberals 51, Reichstag Radicals 21, Barbarian Peasants' League 9, Anti-Semites 9, Agrarians and Peasants' League 7, Hanoverians 3, Danes 1, Independent 11, Free Conservatives 19.

CROP PROSPECTS GOOD IN EUROPE.

ST. PETERSBURG, June 29.—The damp, warm weather of the last month has favorably influenced crops throughout European Russia, except in some of the Baltic provinces. The crops promise well in the southwest and central regions. The Volga offers satisfactory prospects except in a few districts of the extreme northeast. Winter and summer wheat, oats and barley promise better on the whole than rye.

GOOD EFFECT FROM MINISTER'S VISIT.

ST. PETERSBURG, June 29.—The visit of the Russian War Minister, General Kuropatkin, to Japan, has according to the Japanese newspapers, had a very satisfactory effect on the relations between Russia and Japan. Kuropatkin is the harbinger of peace and quiet that has been the Mikado's guest at the Shiba palace, where no foreigners except princesses of the royal blood had ever before resided.

YACHT RACE.

GYPSIE BEATS ESPEY IN SPECIAL RACE BY 18 MINUTES.

The special race between the Gypsy and the Esper, which was sailed yesterday, was won by the Gypsy, which sailed over the eleven mile course in 3:52:57 and beat the Espey by eighteen minutes. The race was the result of a dispute as to the result of the class flag race of two weeks ago.

NOVEL CONTEST.

LARGER DIVIDENDS THAN LAST YEAR.

NEW YORK, June 29.—The July dividend disbursements at this center will be substantially larger than those at this time a year ago, when the plan for leading railroad industrial and banking corporations was calculated at \$125,000,000, but apparently they will not be greatly larger than the total disbursements in January of this year, which were at that time placed at about \$132,000,000. Taking the detailed calculations on the two previous occasions, it happens that nearly a third of the rate of dividend or in the amount of securities in which dividend or interest are paid, the total of disbursements for the last of companies included in the previous calculations may be estimated with fair accuracy at \$137,000,000.

CAPTURED YOUTH IS WANTED HERE.

Fred Penny, who was arrested by the San Francisco police Thursday, is wanted by the Oakland authorities. He is Fred Taylor, a clever room-worker, who in September, 1892, was found guilty of robbing rooming-houses, but was allowed on account of his youth to be taken to sea. While being taken to the vessel, however, he escaped and has been at large ever since. He is one of the cleverest room-workers known to the police. He has eighteen charges of larceny against him, a number of which are not yet out of his trial. The San Francisco police have been looking for him for the last six months, as he has been operating in their city with considerable success, having secured hundreds of dollars' worth of plunder. As the authorities across the bay have a number of charges against him to send him to prison, or a long term, Taylor, or Penny, as he calls himself, will not be brought over here for trial.

SEVERE TREMBOR HAS BEEN REPORTED.

ELIZABETHPOL, Trans-Transasia, June 29.—A severe earthquake is reported to have occurred at Ensell, province of Chilean, Persia. No details have reached here.

CANNOT ENTER.

NATIONAL ASSOCIATION DEBARS HODGKINSON FROM TENNIS TOURNAMENT.

It has been finally decided that Norman Hodgkinson, the crack tennis player of the California Club, cannot enter in the tournament to be held in San Rafael for the State championship because of his professional standing. The president of the National Association was appealed to for a decision and his answer was against Hodgkinson.

CENTRAL LEAGUE.

HEESEMAN'S LOSE CLOSE GAME—RELIANCE WINS AT SAN JOSE.

The Jesse Moore's defeated the Heeseman's in a fast game of baseball at Freeman's Park yesterday by a score of 4 to 3. The clubs are playing in the Central League. At San Jose by a lance team defeated San Jose by a score of 20 to 9 in an exciting game. The other results were: At Stockton, Stockton 6, Potluma 2; At Bakersfield, Bakersfield 5, Hanford 4; At Visalia, Visalia 3, Fresno 2.

GOES TO JAIL FOR FOUR YEARS.

ROBERT AMMON GETS AN INDETERMINATE SENTENCE IN PRISON.

NEW YORK, June 29.—Robert Ammon, attorney for William F. Miller of the Franklin syndicate, was today sentenced to an indeterminate term in State's Prison of not less than four or more than four and a half years. Ammon was convicted of having received stolen money from Miller. The maximum penalty for this offense is five years.

The specific charge on which Ammon was convicted was that he received \$30,500 of the money obtained by the Franklin 520 per cent syndicate. Miller is now serving a ten-year sentence and was the chief witness at the trial. District Attorney Jerome, it is understood, will take steps to secure a pardon for Miller, who is said to be dying of consumption.

Ammon's attorney moved for a new trial, giving seven reasons for such a motion. He also moved for an arrest of judgment. Both motions were denied by Judge Newburger.

The Sheriff's commitment on motion of the defendant's counsel was withheld until tomorrow to allow an application to a Supreme Court justice for a certificate of reasonable doubt.

SUIT TO QUIET TITLE.

Suit was instituted today by Wells, Fargo & Company against John E. Glascock, as administrator of the estate of John Caperton, deceased, to quiet title to a piece of property at Harrison and Durant streets in this city. It is alleged that the defendant claims some right or interest in the land, the exact nature of which is unknown to the plaintiff and it is asked that the defendant be made to set forth the nature of his claim.

READY FOR THE CRICKET GAME IN BATTLE. ALAMEDA.

YANKEER AND HANLON PROMISE TO GIVE PUBLIC A GOOD FIGHT.

Only a little more than twenty-four hours elapses now before Tanager and Hanlon meet in San Francisco in a twenty-round boxing contest and both men are in fine fettle. They are trained to the hour and are awaiting the ring that will send them together. Their respective friends and admirers are negotiating their bets which promises to be lively tomorrow.

More of the Hanlon followers have placed their money at 10 to 8 but the large majority are holding off in hopes that they will be able to get 9 against 10. The general opinion is that the betting will be made even by tomorrow evening. The prospects are that many bets will be made for everyone knows that the fight will be a square one and as both men are evenly matched that are about evenly divided in the matter of friends.

Both men have quit hard training and are just doing enough exercise to keep on edge. Both of them are well under weight and will have no difficulty in weighing 130 pounds at the ringside.

Official measurements by the club physician reveal some peculiar facts. Tanager is half an inch shorter than Hanlon, but outmeasures him at almost every point by the margin of a quarter or half an inch. The forearm and wrist exactly tally, but Benny has the larger hips, neck, waist and chest. For his weight Tanager's chest is almost abnormal, measuring 34½ inches, but he can expand it only an inch and a half while the local boy has 2½-inch expansion. In reach Yankeer has but a quarter inch the best of it and taken altogether, the physician stated that two more nearly matched men could not be found.

In an interview Yankeer had the following to say about the approaching fight:

"I never say, as some fighters do, that I am going to beat the other fellow in a punch, or try to pick the time when I expect to land the finishing blow, but I can say that I expect to beat Eddie Hanlon, sure. It may take me the whole twenty rounds to do it, and it is possible that he will catch me, but nobody ever has, and I cannot do Hanlon to beat me. He likes the game, and I like it. That should make a fight and I believe that it will be worth going to see."

CRICKET GAME IS IN PROGRESS.

LONDON, June 29.—The Philadelphia crickets began a match at Taunton today against a Somersetshire eleven. At lunchtime, Somersetshire had scored eight runs for one wicket down.

VISITORS TAKE THE CONTEST FROM THE ENGINAL TEAM.

An interesting game of cricket was played in Alameda yesterday between the San Francisco County team and the Alameda County team, resulting in a victory for the visitors by an innings, forty-five runs and a loss of only four wickets.

Sloman and Richardson opened for the San Francisco team, which had been sent to bat first by the Alameda captain, as he won the toss, and they pulled up runs in quick succession. Kortlang joined Richardson after Sloman had been bowled by Croil for five singles.

The Alameda players made a very poor showing against the bowling of Wilkes and Kortlang. They were retired for the first time with but thirty-one runs. The second they did better and negotiated 105 runs, making a total of 136 against 181 for the visitors. Following is the detailed score:

ALWAYS TIRED NEVER RESTED.

To be tired out from hard work, or bodily exercise is natural and rest is the remedy, but there is an exhaustion without physical exertion and a tired, never-rested feeling—a weariness without work that is unnatural and shows some serious disorder is threatening the health. One of the chief causes of that "Always-tired, never-rested condition" is impure blood and bad circulation. Unless the body is nourished with rich, pure blood there is lack of nervous force, the muscles become weak, the digestion impaired, and general disorder occurs throughout the system. Debility, insomnia, nervousness, indigestion, dyspepsia, loss of appetite, strength and energy, and the hundreds of little ailments we often have are due directly to a bad condition of the blood and circulation, and the quickest way to get rid of them is by purifying and building up the blood, and for this purpose no remedy equals S. S. S., which contains the best ingredients for cleansing the blood and toning up the system. It is a vegetable blood purifier and tonic combined, that enriches the blood, and through it the entire system is nourished and refreshing sleep comes to the tired, never-rested, body.

CANNOT INFLUENCE RUSSIA. BAXLEY LOSES HIS PLACE AT INFIRMARY

Lord Mayor Speaks at Length at One of the London Synagogues on Situation of Jews.

LONDON, June 29.—Lord Mayor Samuel, in a speech yesterday at a prize distribution of the religion classes at one of the London synagogues, said it was quite useless to bring agitation to bear in the hope of influencing Russia in regard to the treatment of the Jews.

Their brethren in Australia, animated by the most generous feelings, had sent money and passed a resolution, which it became his duty to submit to the Foreign Office. In following their wishes he was aware that the result would be. Therefore, he was not surprised when assured that this was an internal matter and that the Foreign Office could do nothing.

The Jews of this country, the Lord Mayor continued, desired for their brethren in Russia religious equality, and he believed he was right in saying the czar was most anxious that the Hebrews should be extended to his Hebrew subjects. But there were other difficulties to overcome. The case was different from that of Roumania, where treaty rights were violated. Russia was under no treaty obligations and was free to manage her internal affairs as she thought best. It was only by appealing to the better side of the Russian nation—and there was a very large better side—that they could hope to awaken that sense of right which, he was convinced, no amount of agitation could bring out.

The Lord Mayor concluded with asking the Jewish community to believe he had the interest of their persecuted brethren at heart and not to misconstrue his seeming inactivity.

In this connection it has transpired that shortly after the Kishineff outbreak, the Russian Embassy conveyed a personal assurance to the Lord Mayor that if he would discountenance anti-Russian agitation in London, he could depend not only that there would be no repetition of such attacks on the Jews, but that measures would be undertaken to generally improve their position in Russia.

At the meeting of the Board of Supervisors this morning, all the members were present save Supervisor Mitchell.

POLL TAXES.

Erroneous poll taxes were cancelled in the cases of Adam T. Green, H. T. Seagraves, Mrs. H. H. Smith, B. Elmina and F. C. Simpson.

REQUISITIONS.

Requisitions as follows were referred to several committees:

From the Assessor for flat and blank books and a map showing the water front of Oakland and railroad right of way. Referred to Committee of the Whole.

From the Recorder for lead pencil protectors. Referred to the Committee on Supplies.

From the District Attorney for manuscript covers. Referred to the Committee on Supplies.

SENTENCES REDUCED.

Sentences of prisoners in the County Jail were reduced on petition of prisoners in the cases of the following: Mary Torrey, George Lane, Peter O'Laughlin, Reuben Jacobs.

SALON APPLICATION.

P. Hansen of Alvarado asked for a permit to sell liquor. The application was referred to the License Committee.

TRANSFERS.

Resolutions were adopted transferring money from the general road fund: To the Alvarado road fund, \$100; to the Decoto road fund, \$100; to the Mission road fund, \$800.

FRUITVALE INCORPORATION.

Acting Chairman Rowe said that the matter of incorporating Fruitvale had been referred to the Committee of the Whole. It was the desire of that committee, he declared, to have the subject referred to the District Attorney and that disposition was made of it.

BERKELEY SCHOOLS.

The result of the election held in the town of Berkeley May 16, for the purpose of expending \$25,000 for schools and school improvements, was read. It showed that the votes in favor of the proposition were 489 and against it 61.

The matter was referred to the District Attorney, to report as to whether or not the proceedings were in accordance with the law.

BETTER FOOD FOR PRISONERS.

Sheriff Bishop asked for an increase in the allowance for feeding county prisoners, from 20 to 25 cents a day, and in support of the request wrote:

"If you will refer to the report of the late Grand Jury, you will find that the recommendation that the price for feeding prisoners be increased from 20 cents to 25 cents per day, so that the Sheriff may comply with the law."

The request was granted by an unanimous vote.

LEAVES THE STATE.

County Surveyor Prather was granted a leave of absence for 30 days, with permission to leave the State.

SCHOOL BOARD MEMBERS.

On motion of Supervisor Talcott, John Gamble of Hayward was appointed a member of the County Board of Education.

ON MOTION OF SUPERVISOR HORNOR, WILLIAM McDONALD OF LIVERMORE WAS APPOINTED A MEMBER OF THE SAME BOARD.

BAXLEY GOES.

A resolution by Supervisor Hornor was adopted, declaring vacant the position of druggist at the County Infirmary heretofore held by George Baxley. This is the result of a quarrel into which Baxley got some weeks ago with the then acting-superintendent of the place.

BRIDGE FILES.

The contract for piling for Arroyo Valle Creek bridge was awarded to Cotton Brothers & Company, at a rate of \$20 per pile.

The plans, specifications and estimate cost of a steel bridge over Dry Creek were approved. The estimated cost is \$2,098.

Adjourned.

MAKES DEMAND FOR TAXES.

ALAMEDA, June 29.—A demand has been made on the City Treasurer for \$76.25 by Eva M. Fabens. The amount is for the 1903 County and State tax on the High School and lot, situated at the corner of Central avenue and Walnut street.

There was an informal conference today between County Surveyor Prather and Messrs. Parsons of Haywards and Carey of San Leandro, and the Board of Supervisors, as regards the kind of a road which it was desired should be built to connect a new line to the city of Oakland with Haywards. Messrs. Prather, Parsons and Carey are the three viewers in the proposed improvement.

The general idea which prevailed was that the thoroughfare, which is to be in the nature of a boulevard should have a width of 40 feet between curb and curb, with space for a walk on either side of 15 feet, giving a total width of 70 feet for vehicle and pedestrians.

Viewer Carey said that it was at present only guess work to attempt to forecast the cost of the roadway.

County Surveyor Prather said that the cost of the road could not be told at this time nor could it be until after the survey had been made. He did not think it would be necessary to buy the right of way. All that he thought would have to be done in that direction would be to pay for the fence along the right of way. If right of way would have to be purchased, of course, the improvement would cost quite a liberal sum.

The macadamizing of the road would cost, the surveyor said, \$12,000, \$12,000 or perhaps \$14,000, a mile and the road would be ten miles long. That would make the cost of the road \$140,000, irrespective of curbing, fencing or the proposed purchase of right of way.

The bulk of the legal document filed in many a day with the County Clerk was deposited today when City Attorney McElroy and his associate, Carl Abbott, filed the bill of exceptions in

TWO GRADUATES GIVEN DIPLOMAS

James E. Wilson of the Inman School and Leland Hansen of the Townsend School were this morning granted graduation diplomas in addition to those who have already been granted diplomas by the County Board of Education. Both were taken down with the meales and were unable to take the last examination of the series of three given by the board. By a resolution passed by the board prior to the giving of the examinations it was stated that in case of sickness, where a pupil was unable to complete the course, that they would be excused from the markings of the examinations they did take, and if the average was high enough diplomas would be issued to them the same as if they had done the entire work. It is not expected that there are any large number of such cases, but it is thought there may be a few more who will be given diplomas.

THE WEEK'S NEWS LETTER.

This week's News Letter contains, in addition to its regular features, a statement by the British Consul-General with reference to crimping in San Francisco, which places the matter beyond doubt. It is the only discussion of the question which comes directly from the Consulate. The case of Professor Style is examined and the blame for his present condition placed on the right shoulders. The latest designs of the trans unions are exposed, and the follies and stupidities of our local celebrities engage the attention of the Town Crier. There is plenty of good reading and interesting items abound.

HE WILL MAKE THE DASH FOR THE NORTH POLE.

EDWARD R. HAVEN, FORMERLY OF OAKLAND, WHO WILL MAKE THE DASH FOR THE NORTH POLE WITH THE ZEIGLER EX-PEITION. HE IS FIRST OFFICER ON THE AMERICA.

Edward R. Haven Tells of the Plans of the Zeigler Party to Reach the Pole.

Charles Haven, who resides at 1211 Fourteenth street, has just received a letter from his brother, Edward A. Haven, first officer of the steam whaler, America, which sailed for the North Pole with the Zeigler expedition a few days ago. The letter is dated Britannia Hotel, Tromsø, Norway, May 21, 1903, and reads as follows:

"It is ten in the evening and yet as bright as mid-day. I have just come in from a walk and thought this would be my opportunity of writing to you in far-off Oakland. We have been here for nearly a month, coming down from Tromsø in the America for the purpose of going on the dry dock and because there are better facilities for doing ship work here. This is a city (pronounced Tromsø) of 45,000 inhabitants and a place of many attractions. The workmen here do good work, but are slow and we get quite impatient sometimes at the many delays. We have about 100 men at work and also will be in a first-class condition when we make our final start.

"The condition in which we found the vessel showed that those with her before know little about a ship and nothing at all of what was necessary or essential in preparing for a trip, or the conditions prevailing in the far north. We have practically rebuilt her inside from end to end, besides doing an immense amount of work on the bottom. We were twelve days in dry dock.

"I have had to look after everything, and I have had my time and thoughts well filled. There is considerably to do yet, but we have commenced to take our last voyage on the 25th of June. It will take four days to get it all in. We have two warehouses full of stores from America, England, Scotland and Norway. There is, I believe, more than the ship can carry, big as she is.

"The America is a very strong ship, built entirely of oak. There is no iron in her frame to build two stout ships of equal size, so I have been told by good ship carpenters. She has a very powerful engine and is back-riggered. (I have had to rig her all over new machinery and I have a few of the spurs to send her on her way. We carry two spare propellers and one spare rudder. When we start I shall have four large English whale boats on the crates and one small boat on dingy. I may possibly take one more from Tromsø. There is nothing that money can buy that can be of use to this expedition that we shall not have.

"Mr. Zeigler, who is to command the party for the pole with sledges and canoes, is a very bright, modest and energetic man of 38 years of age. He is of a light, slim, but very build and is of good height. I like him very much. He is an American (as is everyone connected in any way with the expedition), and resides with his mother and sister in Brooklyn, N. Y. I have met him first in New York. Then he sailed a few days after we did and joined us in Tromsø for a week to do some business, then back to New York, and yesterday we had a cable from him in London and he will be with us in a few days. Quite a crowd of scientists will soon sail and will join us about June 8. We also have more men coming for my department. I shall send a list of all whom I know, to Ivy and she will let you know.

"I have worked hard and had lots of rest—daddy staid coming here, but I have had some splendid times. We are shown great attention everywhere. It seems as if the people cannot do enough for us. I have made many friends here, in Tromsø and in Bergen. Every minute of our spare time evenings until 12 and 1300 and Sundays and holidays is taken up with the party.

"May 22—I had reached this point when Captain Coffin and Captain Halse (a Norwegian friend of ours) came to my room and made me go off to lunch with them, and it was about midnight as usual when I got to bed. This is the third day that we have been taking coal and I don't enjoy it. It is a very dirty business and by night we all look like negroes from the clouds of dust that settle upon us. It also interferes with my work.

"I sent about some more spars today and the America begins to look better. Tomorrow we shall put in a new dynamo for our electric lighting. We shall also have our steam pipes connected with our new windmills, and I shall make a trial. I have had all my chain cable ashore and at the company's blacksmith shop to have some of the links changed to fit the wildcat of the new windmill, but shall get it all on board tomorrow. We have 180 dogs ashore on an island about 80 miles from Tromsø in charge of an experienced man. We shall take them on board just at the last, and possibly some more. We shall go to Archangel, Russia, where we have had a veterinary surgeon for nearly a year picking out ponies for this expedition. We shall take 30 of them. The food for all these animals is a great item and will take up much room. Our vessel is to be heated by steam, but we shall also have stoves and anthracite coal for them in case we should need them.

"I have a fine crew of men, all picked fellows and they attract great notice as they go back and forth from their hotel to the ship daily. My second officer, Mr. Nichols, is, I believe, a fine man, who has had great experience and has been master of a ship. Captain Coffin said he wanted to be remembered to everyone of you all, and he has often spoken of the pleasant times at your house, and how much he used to enjoy coming over there and when he came to supper how good everything used to taste after living on hotel fare. When I showed him Mabel's and Helen's pictures, he was simply speechless. He said he could not realize that they were grown-up young ladies. He has four children, two boys, the oldest, Irving Haven, is 16 years of age. The other boy is 6. I believe. The girls are Louise, about 14, who came to New York, with her mother, and I got nearly acquainted with them both, and Edna, about 12, a bright and very pretty girl, whom I met in Boston before leaving.

"Mrs. Coffin is a little, modest, unassuming woman, quiet but pleasant. I liked her very much, indeed. Mr. Zeigler, the man who is sending out this expedition, is an American living in New York. He is worth \$100,000, and is a fine man, with many and varied moneyed interests, a man who has always been successful and has never had a failure. Mr. Champ is his representative in everything, and is his trusted agent to do all his business. I like Mr. Champ very much, indeed, and Ivy was greatly pleased with him.

"I must close, for I have no more time just now. My best love to you both. I hope I am to see you again some time. Give my love to Mabel and to Helen. They both know how much I think of them. Remember me to Henry and Emily (I shall try and write them). Clarence and Lizzy, Ed and Annie and all. As ever, your brother, NED."

CARS COLLIDE AND PEOPLE ARE HURT.

CLEVELAND, O., June 29.—An electric car, heavily loaded with passengers, became unmanageable while descending a hill on Wilson avenue early today and collided with another car at the foot of the incline with terrific force, resulting in serious injury to two men, while several other passengers were badly bruised and cut.

William H. Fuller and Henry Zimmerman, both of this city, were caught between the two cars and crushed. Fuller may die.

IS STUDYING OUR INDUSTRIES.

FRENCH EXPERT SCIENTIST IS IN SOUTHERN CALIFORNIA.

LOS ANGELES, June 29.—Dr. Andree Savours, the French expert scientist and lecturer of the University of Paris, has arrived in Los Angeles from an expedition from the University of Paris, Dr. Savours was commissioned by the French Minister of Commerce to make investigation of the agricultural and horticultural industries of the State for report to the Musée Social, the French scientific institution. The commissioner states that he will report favorably upon conditions as he has found them, especially on the organization of California agricultural and horticultural irrigation.

Dr. Savours will go from here to the Fresno district and study the raisin industry.

SITUATION IS QUIET. RICHMOND, Va., June 29.—The strike situation was quiet. Cars were running on all lines.

BRIDE MAKES HOME IN COLORADO.

MRS. EDWARD TRICE, NEE LUNDY. (Ph to by Belle-Cutler.)

Mrs. Edward Trice, nee Lundy, who was married at her home in East Oakland a short time ago, is now living with her husband on his large ranch in Colorado. Mrs. Trice was one of the most popular girls in East Oakland society, where her winsome ways had won her a host of friends.

GIRLS ADVANCE QUICKER THAN THE BOYS.

An Interesting Report Concerning the Boys and Girls in the Public Schools.

"Girls advance more rapidly in the public schools than do boys," said Superintendent of Schools McClernoch this morning. "This fact is made plain by some statistics which we have gathered."

During the past year there was enrolled in the primary and grammar schools 10,587 pupils. Of these, 7,470 were in the primary schools and 3,117 were enrolled in the grammar schools.

"Of the former number 3,810 were boys and 3,760 were girls. Of the pupils in the grammar schools 1,844 were boys and 1,223 girls, showing that while there were more boys than girls in the primary schools, when the grammar grades were reached there were more girls than boys; and when the pupils entered the High schools, the number of girls had greatly increased over the number of boys."

"There were, in the two High schools a total enrollment of 1,465. Of these 556 were boys and 909 girls; 1,142 were enrolled in the Oakland High School and 323 in the Polytechnic High School. Of the former enrollment 421 were boys and 721 were girls. The enrollment in the last named school was 135 boys and 188 girls.

"In the grammar and primary schools there were 143 cases of truants during the year and 458 cases of corporal punishments. 5,327 visits were made to the schools by the patrons and 473 visits were made by the School Directors. Superintendent McClernoch made 668 visits to the school and 750 visits were made by the principals to the patrons of the schools.

"No pupils were expelled during the year and but ten were suspended. The evening schools showed a total enrollment of 235. Of these 704 were boys and 131 were girls. The average daily attendance at the evening schools was 200.

OAKLAND MIKE PRESIDENT OF COMPANY IS MAY BE IN BUTTE. ARRESTED.

DESCRIPTION OF SIMS ARRESTED AT BUTTE RESEMBLES HUNTED MAN.

Whether "John Sims," who was arrested in Butte on a charge of vagrancy and sentenced to ten days in jail, is Clarence Kerr, alias "Oakland Mike" who is wanted by the police here for the murder of Lem Yow, a Chinese, will not be decided until Chief of Police Hodgkins receives more information from the Butte authorities together with a photograph of the suspect.

"The prisoner in Butte answers the description of 'Oakland Mike' in nearly every detail and even admits fledgling having been in Oakland on June 6th, the night Kern Yow was as alleged, but he denies having had anything to do with the murder.

"I have my doubts whether the Butte prisoner is the man we want," said Chief Hodgkins. "He answers the description very fully, but I will not be satisfied until I get more information. I know, however, that 'Oakland Mike' was headed for that vicinity when we last heard of him."

NEW YORK, June 29.—Henry Alton, president of the Columbia Gold Mining Company, was arrested today charged with violation of Section 863 of the Penal Code, which makes it a misdemeanor to neglect to file with the County Clerk the names of the persons composing a company or a partnership.

Police Inspector McCluskey said that the arrest on a technical charge is said to have been due to a fear that the notoriety given the case might cause the men concerned to leave the city.

All the books of the company were seized. These records will be gone over carefully and the company's customers communicated with.

The company has been advertising very largely in Italian and Yiddish newspapers. Among the names used in the advertisements were those of Samuel W. Thompson and Walter R. Eaton, employees of the Custom House. It was announced in Washington last night that Assistant Secretary of the Treasury Armstrong had requested a written report from those officials respecting their alleged connection with the company.

GRASS FIRE YESTERDAY. ALAMEDA, June 29.—A telephone message Sunday noon brought the Sheriff's fire hose wagon to No. 1558 Pacific avenue, where a grass fire was burning. The blaze was quickly extinguished without damage.

PLANNING MILL DESTROYED. PITTSBURG, June 29.—Fire of unknown origin at Wilkesburg, a suburb of Pittsburgh, early today, destroyed W. F. Young's planing mill, firm's ink factory and several other buildings. Loss \$75,000.

\$1,000 REWARD!

A reward of One Thousand Dollars will be paid by the PACIFIC STATES TELEPHONE AND TELEGRAPH COMPANY for information leading to the arrest and Conviction of the man or men who maliciously cut and destroyed our main lead of thirty wires, more or less, on the San Pablo Road, Alameda County, about one-half mile south of San Pablo.

The cutting of the wires took place about 1 o'clock Sunday morning, June 28th.

JNO. I. SABIN, President.

LOCAL OPTION FAVORS SALOONS.

Numerously Signed Petitions Favor Drinking Places in Brooklyn Township.

The general protests against the granting of saloon licenses in precincts in Fruitvale and Brooklyn townships, which were filed with the Supervisors two weeks ago, were continued until Monday next, save in the cases of J. F. Goncalves, of Pritchburg; Herman Goerlich, at the corner of Orchard avenue and San Leandro road; I. N. Batt and P. S. Schnarr of Fruitvale.

In the matter of the applicants, counter petitions in favor of granting the requests of the applicants, each petition containing a greater number of names than did the protests, were filed today.

Those latter instruments were referred to the County Clerk to determine whether or not they were as represented and contained legal voters in excess of those presented by the protestants.

PROTESTS FALL TO GROUND.

If the representation of those who filed the petitions today be well founded, the protests against the applicants in question fall to the ground and licensees must be granted to the applicants in question. The representative liquor men, who were present at the meeting of the Board of Supervisors this morning, hold that they will have no difficulty in securing a similarly large number of signers in favor of the other saloons against which the general protest has been filed.

LOSE BY LOCAL OPTION.

In such an event, the point sought to be gained by the opponents of saloons in the precincts mentioned, namely of closing up those places, by the sentiment of the people in the districts, has failed of success.

To determine, however, whether or not the regular protest or the succeeding petition is what it purports to be, will require a comparison of both with the Great Register of the precincts, with the number of votes cast at the last general election and a verification of the fact that every signature on both documents is that of a bona-fide resident now of the districts in question.

BATTLE DOOR AND SHUTTLE COCK.

The query now arises whether the protestants have a right to file another protest containing even more names than are said to be on the petitions filed today. If such be the case, of course, the petitioners would be entitled to file still another instrument, showing a still greater number of signers than did the second protest.

COUNTY CLERK'S VIEW.

County Clerk Cook was asked what was his opinion on the subject. He was also asked how he proposed to do the work of verifying the petitions and protests, which devolved upon him under the ordinance.

"I should think that the protestants should not be allowed to go beyond their original protest," he said. "If they should be, there is no telling where this thing will end. As to the work which must be done by me in the matter, I will require two clerks to do it, and thus far only a few lists of names have been submitted."

NOW FOR PETITIONS.

Mr. Marquise then stated that he appeared in behalf of J. F. Goncalves, against whose application a protest of 119 residents had been filed. He declared, he said, to present a petition in favor of granting the license to Goncalves signed by the names of 173 voters in that district. That petition, he declared, he said, to present a petition in favor of granting the license to Goncalves signed by the names of 173 voters in that district. That petition, he declared, he said, to present a petition in favor of granting the license to Goncalves signed by the names of 173 voters in that district.

Mr. Marquise said that he had compared the names on the petition with those on the Great Register and that there were 125 of them on the Great Register as against the 112 names of the protestants who were on the same book. Chairman Rowe said the Clerk would be required to look into the matter and to see that the standing of the petitioners was as is required by the ordinance. He then asked how many of the petitioners' names appeared on the Great Register.

Mr. Marquise again said that the number was 125.

Chairman Rowe said that the petition would have to show a majority of the residents of the precinct.

Clerk Cook said that the ordinance required simply the signatures of voters qualified to vote in the precinct at the time of the protest, equal in number to a majority of the votes cast at the last preceding general election.

Mr. Marquise said that the petition contained the names of people on the Great Register, numbering 125, who were registered at the last election.

Chairman Rowe said if there was no objection the matter would be referred to the Clerk.

Mr. Marquise said that he had a similar petition in favor of granting a license to H. Goerlich, which bore the names of 152 voters and residents in Goerlich's precinct, Brooklyn No. 1. This, he said, contained forty more names than did the protest.

This petition was also referred to the Clerk.

Mr. Marquise presented a third petition, which he said was in favor of granting a license to I. N. Batt. That petition contained, he said, 118 names, whereas the protest contained only 104 names.

Still another petition, in favor of F. S. Schnarr, was filed, and this contained a large number of names in excess of those on the protest. The last two petitions were also referred to the County Clerk.

In response to a request, Mr. Marquise was informed that the matter would come up at the next meeting of the Board.
